

I would like to be our class councillor because I am very good at tidying up! I will make sure that our classroom is always tidy and there are lots of things for us to play with. I think that I am the right person for the job because I am kind and helpful. If you elect me, then I would like us to have more toys to use outside. We need more things to use at playtimes and in choosing time, and I will try to get us lots of things we will all enjoy playing with!

I would like to be our class councillor because I'm a nice friend and I share a lot. I think it might be a little bit fun to be on school council! I think that I am the right person for the job because I am excellent at my homework and I am always nice to people. If you elect me, I would like to add more decorations to our classrooms, and I would let children bring a toy to school to show their class or if they need to feel brave.
